Setup an Account on rstudio.cloud

Create a project

The screenshot displays the RStudio Cloud web interface. On the left is a sidebar with the 'Studio Cloud' logo and navigation links: 'Spaces' (with 'Your Workspace' selected), '+ New Space', 'Learn' (with links to 'Guide', 'What's New', 'Primers', 'Cheat Sheets', and 'Feedback and Questions'), and 'Info' (with 'Terms and Conditions'). The main content area is titled 'Your Workspace' and has tabs for 'Projects' (active) and 'Info'. Below the 'Projects' tab, the heading 'Your Projects' is followed by a large grey box containing the text 'No Projects'. A 'New Project' button with a dropdown arrow is located above this box. The dropdown menu is open, showing two options: '+ New Project' and 'New Project from Git Repo'. To the right of the 'Your Projects' section, there is an 'Options' panel with a close button (X). It includes a 'Search Projects' search bar, a 'Sort Projects' section with radio buttons for 'By name' (selected) and 'By date created', and a 'Capacity' section explaining that the personal workspace allows for a virtually unlimited number of projects and providing a link to learn more about the workspace in the guide.

RStudio ready for use

The screenshot displays the RStudio Cloud interface for a workspace named "CT1100 Workspace / Project 101". The user is identified as "Jim Duggan".

Left Sidebar (Navigation):

Top Menu Bar: File, Edit, Code, View, Plots, Session, Build, Debug, Profile, Tools, Help

Toolbar: Includes icons for saving, opening, and navigating files, along with a "Go to file/function" search bar and an "Addins" dropdown.

Console: Shows the R version 3.6.0 (2019-04-26) startup message and instructions for using the RStudio interface.

Run code in console.

- `x` is data!
- R allows you process the data with function calls

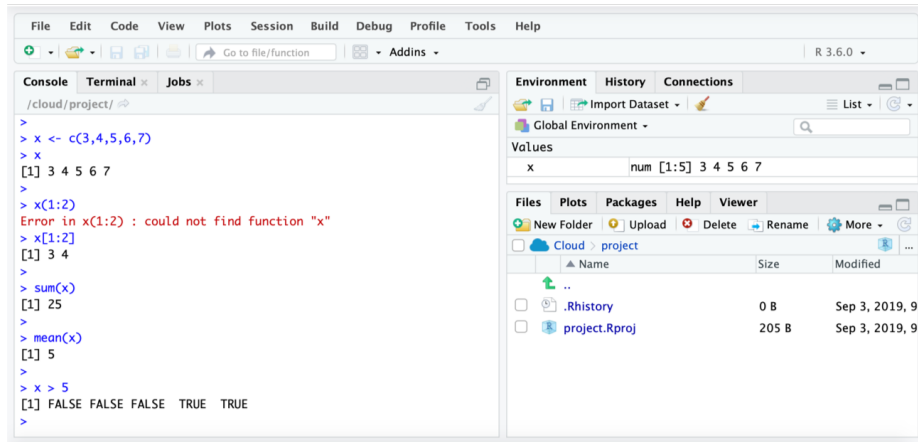

The screenshot displays the RStudio environment. The top menu bar includes File, Edit, Code, View, Plots, Session, Build, Debug, Profile, Tools, and Help. The right sidebar shows the Environment pane with 'Global Environment' and a search bar. Below it, the 'Values' pane shows the variable 'x' with a numeric vector of length 5 containing values 3, 4, 5, 6, and 7. The bottom pane is split into 'Files' and 'Plots' tabs. The 'Files' tab shows a file explorer for the 'project' directory, listing files like '.Rhistory' and 'project.Rproj'.

Console Output:

```
> x <- c(3,4,5,6,7)
> x
[1] 3 4 5 6 7
> x(1:2)
Error in x(1:2) : could not find function "x"
> x[1:2]
[1] 3 4
> sum(x)
[1] 25
> mean(x)
[1] 5
> x > 5
[1] FALSE FALSE FALSE TRUE TRUE
```

Challenge 1.1 - Replicate the following in RStudio Cloud

The screenshot displays the RStudio Cloud interface. The top menu bar includes File, Edit, Code, View, Plots, Session, Build, Debug, Profile, Tools, and Help. Below the menu is a toolbar with icons for creating a new file, opening a file, saving, and other standard file operations. The main workspace is divided into three panes: Console, Environment, and Files.

Console Pane: Shows the following R code and output:

```
>
> x <- c(3,4,5,6,7)
> x
[1] 3 4 5 6 7
>
> x[1:2]
Error in x[1:2] : could not find function "x"
> x[1:2]
[1] 3 4
>
> sum(x)
[1] 25
>
> mean(x)
[1] 5
>
> x > 5
[1] FALSE FALSE FALSE TRUE TRUE
>
```

Environment Pane: Shows the Global Environment with a search bar. The Values section displays the variable `x` as a numeric vector of length 5, with values 3, 4, 5, 6, and 7.

Files Pane: Shows the file structure of the project. It includes a table with columns for Name, Size, and Modified:

	Name	Size	Modified
<input type="checkbox"/>	..		
<input type="checkbox"/>	.Rhistory	0 B	Sep 3, 2019, 9
<input type="checkbox"/>	project.Rproj	205 B	Sep 3, 2019, 9
